Software Maintenance (SB-MAI-U1)

September 1, 2017

Course Plan

The course will be on Tuesdays 08:15 to 11:45 in room U170. Homework links will be available in the below *Literature* and *Labs* column. Links to the lecture presentations can be found in the *Lecture* column. The main textbooks for the course will be [Raj13] and [Ker05], see the [Literature list].

Portfolio Assignment

There will be two individual mandatory portfolio assignments that have to be accepted by the teacher in order to go to the exam.

I have shared an individual folder with each of you. Please copy the [Assignment Template] to your individual folder and use it to write your portfolio report. Your feedback will be in the form of this [Formative Rubric].

Deadlines

The deadlines for the individual mandatory assignment have been set to:

- Week 43: Hand-in of first part of report (Section 1-3, see [Assignment Template]).
- Week 47: Hand-in of second part of report (Section 4-9).
